David Smith, Illinois licensed art teacher/resident artist; teaches all of our art classes. He begins each class by explaining the unique properties of the art medium you will be using, and encourages everyone to have fun learning about the creative process.

\* Painting/Drawing are taught 2-ways

\* **Step-by-Step** – David creates a special image for your group and takes everyone Step-by-Step through the creative process.

\* **Everyone in your group chooses their own inspirational image** – We teach you about the art medium and encourage everyone in their artistic endeavors.

Acknowledging that everyone has varying skill levels, David strives to give each of you the confidence to explore your creative side. Encouraging participants to embrace the idea that everyone's artwork will look different.

In the end there is no right or wrong, there is only the joy of trying something new, as you have fun socially interacting with others.

Our goal is for everyone to have a positive experience ...

*Finding Joy in the Journey!*
